

BIG NEWS! [Kozhnosys](#) is in the Top 100 Deep Tech Startups of 2026 by [HelloTomorrow!](#)

Out of more than 4,800 applicants worldwide, the jury of investors and industry experts has selected us as one of the most promising startups in the Digital Health & Medical Devices track.

Moments like this remind us how far we've come — and how much further we can go. A heartfelt thank you to everyone who made this possible: our investors,

mentors, team, and fellow entrepreneurs, and to the challenge partners:

In June, we'll be pitching live at the Hello Tomorrow Summit in Amsterdam, in front of 3,500+ deep tech investors, corporate, international delegations, and fellow founders pushing the boundaries of what's possible.

The journey continues — and we're just getting started.
